

Introducing the Fontaine® Magnitude^{55MX}

This user-friendly workhorse is the ultimate in convenience and versatility

- **Extendable, modular design gives you unprecedented versatility to handle a wide range of hauling jobs with a single trailer!**
- **55 tons frame capacity in 16 ft**
(designed to accept 4th axle close coupled or single axle stinger)
- **2-point load base centered in closed deck**
(open deck requires rigid self-supporting loads)
- **Fabricated with 100,000# minimum yield steel flanges**
(super-strong for longer service life)
- **29 ft clear deck length** (retracted)
50 ft clear deck length (extended)
- **Equipped with the most versatile hydraulic removable gooseneck in the industry!**
- **Connections for optional flip box to achieve 125" swing radius**
- **Modular connection provides added shimming capability and makes it easy to add a deck insert or to change out the deck type completely**
- **Five-position manual ride height gooseneck for greater flexibility**
- **20" loaded deck height with 6" ground clearance**
- **Sloped front deck features traction cleats for easy loading and unloading**
- **Built-in tool box and storage compartments for greater convenience**
- **28 swing-out extension brackets provide greater width for even more versatility**
- **Ramped bogie features modular connection so you can match the right equipment for the task at hand**
- **Three axle configuration with 54.5" (60" optional) spread boasts 25,000 lbs nominal capacity per axle**
- **Air lift third axle and chain lift front axle are standard equipment for added convenience**
- **Center flashing amber rear lights with battery back-up provide added safety**
